

Get The App & Sign In

Android and iPhone

What You Need:

A Phone

Your Email

Internet (Wi-Fi or data just for set up)

01 Open The App Store

Android → Google Play Store

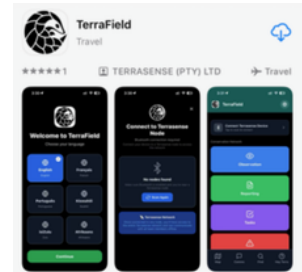

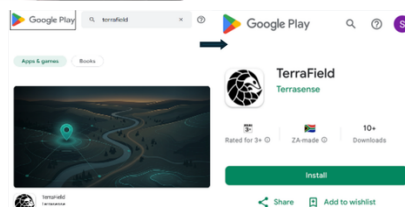

iPhone → App Store

02 Search: TerraField

Look for the TerraField logo

03 Instal The App

On Android → Click on the image →
Then tap "Install"

Wait for it to finish loading.

On iPhone/Apple Tap "Get"

Wait for it to finish loading.

04 Tap Open

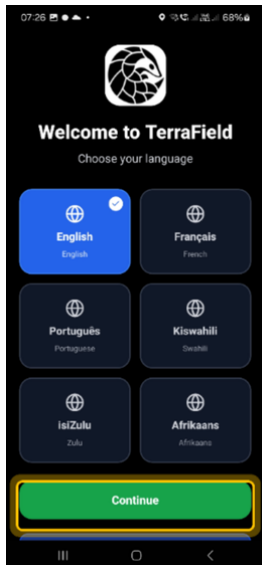

Tap Open

Or find the TerraField logo on your phone screen and tap it to open it.

Get The App & Sign In

05 Choose Your Language

TOP TIP:

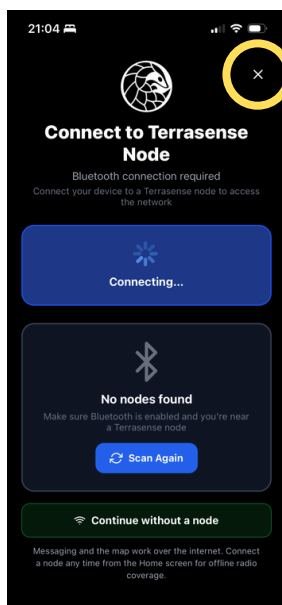

You can change your language anytime. Everything can be translated back into other languages. **English is the default.**

TRANSLATION:

Whatever language you choose will be the language you receive all your messages in. If you choose Afrikaans, someone sends you a message in English, you will receive the message in Afrikaans.

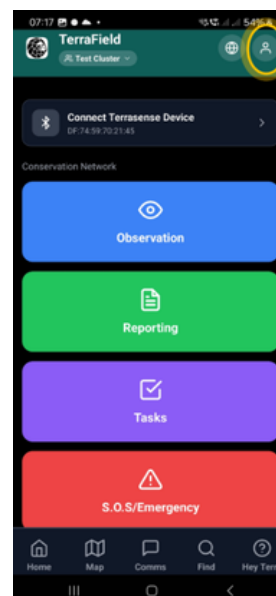

Then tap Continue (green button)

06 Tap the X

If you see this screen "Connect to TerraSense Node", Close it using the X top right of the screen **(circled in yellow)**.

07 Tap Profile Icon

Top right corner **(circled in yellow)**

08 Tap Sign In

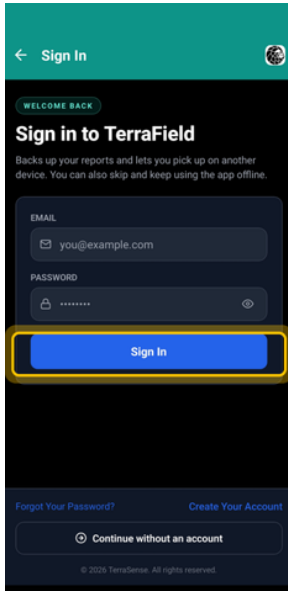

Already have an account? Go to step 9.

New? Tap Create Your Account and see the box below.

Get The App & Sign In
